Subject: Woodlake Dam and Lake Update

To Woodlake Property Owners:

While my intent remains to do what is best for the Woodlake community, please be advised that no offer has been proposed to any group or entity concerning the transfer of Woodlake CC Corp's dam and lake properties, or has been accepted by Woodlake CC Corp.

The committee Woodlake CC Corp. appointed to explore the possibility of a solution by transferring ownership to a Lakefront Owners' Association has fulfilled its purpose and is now dissolved. I would like to thank the committee on behalf of Woodlake CC Corp. for their time and energy spent.

Woodlake CC Corp. keeps working diligently towards a resolution with the Woodlake dam and lake issues.
