

Comments Submitted Reference the Pool

As of 4 May

Only in an emergency consider me a volunteer!

We are very interested in the pool opening. We have three grand children to visit us frequently and they enjoy the pool

We are part time residence mostly on the weekends

I would be willing to pay a reasonable fee to use the pool in summers. We may get a membership at another pool if we can't get one here. This seems silly to have to go somewhere else when we have one here.

Will be glad to help any way I can

Would definitely like pool membership

Very interested in having pool membership

We have lived here for 11 years and now have 2 small children. Having the pool would be a game changer for us. We have been trying to sell our home to move somewhere either closer to town or with more amenities such as a pool or playground because we have to travel so far to do anything. We have even considered becoming members at a pool in southern pines just to be able to have something for our kids to do. We would much rather give our money to our neighborhood and be able to enjoy a pool closer to our home. It would even make us want to stay in Woodlake. I'm a military wife, my husband is currently deployed and I will have these kids all to myself this summer. We would utilize the pool multiple times per week and would gladly pay to do so. Please, Woodlake needs something!!! This is a wonderful place to live, I would love to see it restored and this is a great place to start!

Very interested in pool membership

Our family would love to see the pool open for the summer!

Family is interested in membership(s) to the pool

I desire to use the pool for my family I am the mother of two and have a grandchild that I would enjoy having pool access

We are all for having a pool membership over the summer

My husband and i only started renting here a month and a half ago...one reason was the pool was coming back so progress was being made ..that being said we are all for the pool! We are also all for whatever needs to be done to bring the lake back!

We would love to be members. I would like to suggest the pool hours be extended to 8pm. It's still light outside and we always like to go swim right after work.

We would want to belong only if our two grandkids can use it on their occasional visits (usually once a month)

I am interested in participating

We would love to use the pool should it be opened

I am concerned with the hours 10am to 6 pm. I'm not sure why the hours are so late to open and early to close. I could understand noise consideration, but the current location is not really close to any houses. Additionally, I'm sure there are a lot of people who work until 5 or 6pm (myself included) so they wouldn't be able to utilize the pool until the weekend (probably when everyone else wants to use it too). Lastly, I understand not wanting to have a ton of pool toys taking up space and artificially making the pool crowded but I do disagree with the no ball throwing. This may be a challenge for kids balancing their fun and the respect for others at the pool but the pool is meant to have fun and activities like ball throwing is a part of that fun

Interest in the pool would depend upon the cost and pool hours as both of us work

I would be willing to help with the swimming pool if needed. I have 30 years experience with the pool I owned

I support for the pool to be funded by membership paid during the pool season.

I think there should be a discount for members who paid for pool membership until the end hoping things would improve.

Would love to have a pool this summer

We are excited and hopeful for the pool reopening.

I feel the pool would be a benefit to the families. I feel that the fees needed to be paid in full or a cc for auto pay needs to be on file to ensure the pool is properly maintained. I also suggest a camera be installed to ensure vandalism does not occur. The feed can be on when during non swimming hours.

My family and I would like to buy a membership for the pool, but we would like to see chairs and tables, possibly a snack bar opened (easy low cost revenue) and better hours than those proposed (possibly open till 8PM for those who get home at 5PM). My family and I love Woodlake and would love to invest our money towards our own community pool, but we have 5 kids and the unknown status of the pool has us looking into buying a pool membership to whispering pines before the rates rise on 01 May.

Possible volunteer depending on time/situation

We are a family of three who has lived here 11 years and we would LOVE to have the pool back.

My family would use the pool every weekend and most evenings as long as weather permitted. We would also purchase beer, non alcoholic drinks, snacks, and food items if available.

We did not know when signed our rental agreement that the pool was not operational. It was one of the reasons we moved here. We want pool access.

My husband is deployed through the summer but I would love to use the pool this summer

I would use the pool but would enjoy access, occasionally, both as an individual and when my daughters/grandchildren visit during the summer.

Many thanks to our POA for their hard work. I'm sure its not easy. It will be a blessing to have a pool this summer especially with children. Hoping for the best.

Please open before 1000 for early birds. :)

The young families in Woodlake need the pool open

Having the pool open will be nice if we the members wish to use it. I personally would only need the pool for guests; not for self

We are very interested in having the pool available this summer. I may be interested in volunteering, it depends on some unknown summer plans for us.

My family is hopeful that the pool may be open this summer and plan on using that amenity if it does open.

We would definitely be interested in having the pool opened this summer

Would be interested in the family membership to use when grandchildren are visiting.

I will support a reasonable membership fee to open the pool.

Recommend putting a phrase in pool rules about criminal trespass for use after hours. It would help keep juveniles from destroying the pool to charge them with trespass every time. I can volunteer to mediate between the community and juveniles caught trespassing to try to avoid criminal conviction in the event the trespassers are contrite.

I would love the pool to be open.

We need to get the pool up and running this season. It will be a well needed morale boost for the community and demonstrate that some entity is looking out for our interests. It is also important to have a recreation source. Many people moved here because of the lake and now with it gone there is less incentive to stay.

Yes, we would be willing to have a membership for the pool

My family would definitely like to have access to the pool.

Interested in having pool available to community. Can not volunteer as I'm in a walking cast for 3 months.

If the owner has company, will they be allowed to use the pool?

If the pool is restored with a reasonable membership fee i would use it very regularly depending on the hours of operation.

We are interested in paying for a summer pool membership dependent upon the rules / cost etc.

We will probably not be pool users due to age and disability status, however I feel this needs to be approached extremely carefully. The German firm seems to have a keen interest in resolution of the overall problem and I see this as one portion of that problem which I understand is a temptation to want available ASAP. It would set a precedent as to the overall negotiating position of the POA by indicating a willingness to settle this problem in bits and pieces without any equal concessions by the current owners of Woodlake.

Interested in having pool membership.

I'll do what I can to assist in this.

I am interested in participating as 2019 pool member

We are excited to help in any way we can. We would use the pool frequently!

I feel the opening of the pool and taking care of the property around it is a much happier face for our struggling community

I believe we should be allowed to bring a cooler into the pool area with adult and soft drinks/water and food (no glass) items since they cannot be purchased at the pool.

My family and I would be ecstatic if the pool opened for the 2019 season! We would surely be regulars. Please let me know how I can help in moving the process along.

The pool was one of the few amenities that I was able to enjoy. It would be great to get it back in operation for the future.

We are anxiously awaiting the pool opening

Until we know the cost it is impossible to determine if we would participate

I can commit to volunteering most Sundays from open to 3 pm as well as a possible fill in weekday evenings after 5:30.

Would likely be interested in a family pass

Very interested...it would be so nice to have something in Woodlake for community use. Look forward to learning cost

If the pool opens. I would like to be a member.

Please open the pool for the summer 2019 season. We are having to pay pool fees elsewhere and drive to Pinehurst for our daughter to be able to learn how to swim.

We are very interested in having the pool re-opened. We can't volunteer right now because we will be traveling until early June, but we will consider volunteering when we return.

I would be interested in becoming a 2019 Pool Member if the cost is reasonable.

We are not interested in paying any more money to WLCC for pool or any other facility until lake issue/dam issue addressed. We own 2 properties, so ownership noted. We'd be more than happy to use the pool for passed money paid, consumed by WLCC. No new money to be paid until plan put forth for lake/dam.

I try swim a mile every other day, but have to drive to the First Health pool in Pinehurst to do it. The use of our pool would be great.

We are interested in a pool membership but would definitely want our children and grandchildren to be able to come with us when they occasionally visit us.

My family is interested in being a pool member. My first concern is the hours of operation. Many of us work and if the pool closes at 6pm then when we get home we can't enjoy the pool with our children, who are the main users of the pool. A 8pm closing time would be more accommodating. My second concern is the age for unaccompanied children. I would like to suggest lowering the age to 15 or 14. If we don't allow our teens to have things to do around the neighborhood, then they will just find other destructive things to do. Last summer is the perfect example; without the pool last year, we had more vandalism and neighborhood issues

in the summer than past years. Otherwise I agree with all rules and regulations that are drafted at this time.

I am definitely interested in pool opening!

We will do what it takes in order to get the pool opened for the season. On a side note I am trying to donate for the fireworks cause and have not been able to get in contact with the person that is collecting funds.

Will pay to have a pool available. Must be strictly limited to paying community members.

On occasion, we have our adult children and grandchildren visit and will use the pool. We do not expect there to be more than 6 visits per year although they may all come at one time (8 persons)

I'd be willing to pay a reasonable membership fee for the pool

Would love to have our pool back this summer. Missed it immensely last year. Would definitely be a member

My husband and I are interested in being pool members this summer. We would like more information on the membership costs.

Would like to find out more about the pool membership for this summer and I am also willing to volunteer and pay fees for use of the pool

I am interested in the pool being open and purchasing a membership for the pool for myself and my family that live here in Woodlake.

We are very excited to have the pool open!! I believe the hours should be extended past the suggested hours. 6 pm is early during the summer especially for those who work full time. I am very happy to volunteer if that helps get the pool open!!

It would be nice if there were some available amenities for residents. I have owned homes in other neighborhoods with an active POA and a pool. There was no lifeguard, however there was someone working at the pool to ensure that only guests used the pool. You were required to sign in upon using the pool. This would be a great job for a college student or a stay at home mom within the community, perhaps giving them free use of the pool. I am sure you would need more than one "employee," but that might make it attractive to families. In this case, I would volunteer with FLEXIBILITY of hours.

Would love to have it available when my family visits.

we bought the Woodlake membership when we built in 1984---do we have to buy another membership????

Please open the pool. It could be a small but important victory for our community. The kids will have their summer back too!!

I am interested in being a volunteer. I have graduate school and work full time and have obligation as a FRG leader for my husband's command. However, if time permits, I would like to participate anyway I can. My husband and I live right across from the club house and our son enjoys the pool, as well as our nephew. I look forward to Woodlake becoming a place of fond memories our children can reminisce about through-out their lives.

Sounds like the pool will be primarily for children - so I do not expect to be a member.

See nothing on pricing of pool membership so no data to make decision

Please consider having the pool open 24 hours. Paid Members get a key or code to enter when pool gate is locked. This way lap swimmers can access pool during early or evening hours. Painted lines and lane dividers would also be appreciated for lap swimmers.

We have always had a golfing or social membership which included pool privileges. We only occasionally used the pool once our grandchildren grew up. We would not take a membership to just use the pool.

All for it, I take my family to Southern Pines to enjoy the pool and splash pad down there, this would save time. I'm an owner/landlord so this would be great for my tenants as well

Events committee. Would like to see food available at pool as well as some sort of playground for young children

We would support opening the pool this summer and would be willing to purchase a required membership

We would be interested in having pool membership; of course it will depend on membership pricing. Agree with others comments that a later close (i.e. ~8PM) would be ideal.

We would be interested in purchasing a pool membership, but it would depend greatly on the cost. Our upper limit would be \$50 per month for unlimited family access.

We would support the pool and would volunteer two days a week to manage/oversee the pool between 6 PM and 8 PM.

Would love to join pool, definitely miss having it. Would like the pool hours to be later as we both get off of work around 7pm and also, not entirely on board with the 'no ball throwing' rule.

Please open the pool. Also, there should be someone checking memberships, etc. from the time the pool opens until the time it closes.

My wife would use the pool. I would not

We would love to have a family pool pass! And we wouldn't mind helping out with pool maintenance, weeding, trimming shrubs, etc. and keeping up the area.

We are not interested in the swimming pool! All efforts should be put in building a dam and restoring the lake. We will not join a pool membership.

Very concerned with grandparents or other supposed responsible persons to keep their guests in check and respect for the facilities I can't express my frustrations enough of the inconsideration .i moved from the ghetto part of town hoping paying for security services that people would not bring their red-neck ways with them for others to have to endure ..

Bring back the lake, resort, and all amenities. I don't see the point in having a survey to open an amenity. Just restore the whole resort! Charge the membership fees, like any resort and move forward.

I would like to participate in the pool membership with my family. It's a beautiful pool and wed love to see it operational again!

I would like to add:

1. Times the pool is open should be Dawn till dusk like before.
2. Cameras should be posted for security
3. 14 year olds should be able to go to pool alone like before. You're gonna have all these kids home for the summer getting into trouble with nothing to do. 14 year olds are high school students and should be responsible enough to go to a pool without a parent. Misbehaving kids can be permanently banned from the pool without adult supervision.
4. Finally a pool is supposed to be fun.

Pool should be open May 1-Sept 30, 8am-9pm. Residents paying a membership want to get the most out of their money by having as much Accra to the pool as possible. We are all for paying a reasonable pool fee.

I am a recent homeowner and would be interested in a membership for our family. It is a beautiful pool that would be nice to utilize. Membership must be reasonable, however.

We are interested in having an operational pool this summer, although we would obviously want to know the cost before committing to be a member

We are interested in membership and are so excited about the potential for the pool to be open this summer. We joined Longleaf last summer d/t Woodlake pool not opening.

Would love to have the pool open to enjoy the summer with out leaving the community.

My husband and I are interested in the pool depending on the cost. It is nice to have for our children and grandchildren when they come to visit. What is more important is making it affordable for all in the community to enjoy. We now, are much younger demographically and we need to ensure that we continue to provide for the children and teens of WOODLAKE.

Since we have lived here, we have enjoyed the pool and missed it last year. We would be interested in having a pool membership. I hesitate to volunteer for anything with our work schedules and I have zero interest in being the "police" at the pool. I would consider volunteering in other areas that need help.
